

## Unmatched **Quality**, Peerless **Value**

### **VEDANTA ALUMINIUM**

Based in India, Vedanta Aluminium, a business of Vedanta Limited, is one of the world's top manufacturers of aluminium, the 'metal of the future'. With an installed capacity of 2.3 million tonnes per annum (MTPA), we are catering to the aluminium requirements of discerning customers in more than 50 countries of Americas, Europe, Asia & Oceania, Middle East and Africa.

CATERING
TO MORE THAN
50
COUNTRIES

# HELPING CUSTOMERS SHARPEN THEIR COMPETITIVE EDGE

The most discerning of customers world-wide have chosen us for the quality of our products, global expertise in aluminium and excellence in customer services. We take great pride in providing our customers a unique competitive edge with one of the largest ranges of aluminium products, expertly tailormade for their evolving needs.

### UNPARALLELED GLOBAL EXPERTISE

With state-of-the-art assets, deep talent pool and ecosystem of global experts, our expertise in aluminium is sought-after world-wide.

### **TECHNOLOGY**

Extensive deployment of best-in-class technology, innovation and digitalisation enables us to showcase high operational excellence and sustainable performance.

### **RESEARCH & DEVELOPMENT**

We work with customers to co-create innovative product solutions customised to their needs, thanks to our robust R&D capabilities and a vibrant innovation hub.

### **CUSTOMER TECHNICAL SERVICES (CTS)**

Our vibrant CTS cell works with a bevy of experts to help customers with new product development, global expertise in technical services, market development and more.

#### STRONG SUPPLY CHAIN

With access to India's abundant mineral reserves, Vedanta Aluminium's robust value chain and logistics network guarantees our customers 100% supply chain reliability.

### SUSTAINABLE BUSINESS PRACTICES

Vedanta Aluminium ranked 2nd in the Dow Jones Sustainability Index (DJSI) world rankings for the aluminium industry in FY2022, a testimony to our sustainable business practices.

### **CERTIFIED BY THE BEST**

### **WORLD CLASS ASSETS IN INDIA**

Alumina Refinery, Vedanta Ltd.

Lanjigarh, Odisha 2 Million Tonnes Per Annum Bharat Aluminium Company Ltd. (BALCO)

Korba, Chhattisgarh 0.575 Million Tonnes Per Annum Aluminium Smelter, Vedanta Ltd.

Jharsuguda, Odisha 1.8 Million Tonnes Per Annum

### **SUPPLYING TO OVER 50 COUNTRIES GLOBALLY**

### Réstora® Low Carbon Aluminium

- First from India to launch low carbon aluminium brand 'Restora' to enable customers to meet their sustainability goals
- Réstora, low-carbon aluminium, is manufactured using renewable energy
- GHG emissions intensity for Restora is within 4 tCO2e/t\*
- Restoraultrad, ultra-low carbon aluminium, is manufactured with aluminium recovered from dross (a by-product of aluminium smelting process)
- GHG emissions intensity for Restora Ultra is less than 1 tCO2e/t\*
- Both products are available in the form of Billets, Ingots and Wire Rods

\*GHG emissions intensity is measured as the sum of Scope 1 and Scope 2 emissions. The global requirement for aluminium to be considered as 'low carbon' is 4 tCO2e/t (tonnes of CO2 equivalent per tonne of aluminium produced). Both Restora and Restora Ultra are well below this threshold.

1<sup>ST</sup> LOW CARBON

ALUMINIUM BRAND FROM INDIA

### **Billets**

Capacity 580 KT

Diameters offering 6", 7", 8", 9", 10" and 12" sizes

Technology Wagstaff Hot-Top Air Slip Casting System

Homogenizing furnace Continuous (from Hertwich Engineering) / Batch

Alloy offering 1xxx, 3xxx, 6xxx (Customizable)

Packaging Packaged in plastic strapped bundles on

heat-treated wooden runners (ISPM 15)

High Speed Can improve extrusion speed by at least 25%\*

Billets without compromising on the strength of the extruded profile. These products show

significant improvement in process

recovery as well as die life. \*under test conditions

Application Extrusion (automobile components,

building & construction, aerospace,

solar energy)

### LARGEST BILLET EXPORTER

IN INDIAN
SUBCONTINENT
AND SOUTH
EAST ASIA

### **Primary Foundry Alloy**

Product 10 kg Ingot

10 kg Cast Bar

22 kg Ingot

Capacity 90 KT

100 KT 20 KT

Technology Remetal Befesa (Spain)

Continuus-Properzi (Italy) Remetal Befesa (Spain)

Ingot Dimensions 725mm x 100mm x 75mm

700mm x 80mm x 59mm 740mm x 170mm x 114mm

Alloy Offering AlSi7(A356.2), AlSi9, AlSi11, LM series (customisable)

Bundling 93 pieces (approx. 1 MT)

107 pieces (approx. 1 MT) 44 pieces (approx. 1 MT)

Packaging PET Straps / Cross Straps

Application Automobile sector, Railways, Aerospace, Engineering Castings

### Wire Rods

Capacity 650 KT

Rod diameter 7.6 mm, 9.5 mm, 12 mm, 15 mm

Inner diameter 570 mm +/- 10 mm

Outer diameter 1380-1500 mm

Weight per coil 1.8-2.9 tonne

Rod dia tolerance +/- 0.5 mm

Technology Southwire (USA) and Continuus-Properzi (Italy)

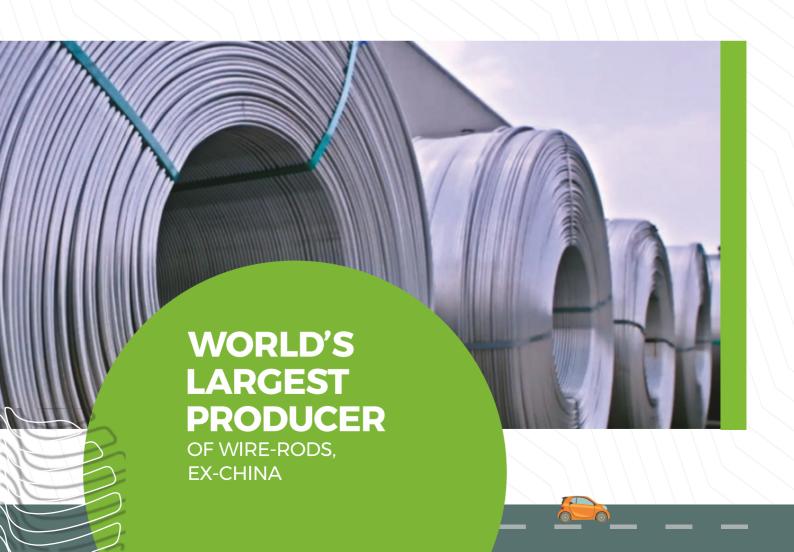

Alloy offering AA1370, AA8030, AA8176, 6201, T4, Al59

Packaging PET Straps / HDPE Covering / heat treated

wooden saddle / silicon gel (customized packaging available)

Application Conductors, Cables, Transformers, Winding Wires,

**Heat Exchanger Tubes** 

### AlSi T-Ingot

Capacity 90 KT

Dimension 480mm x 845mm

410mm x 845mm

Length 645-1500mm

Alloy offering P1020, AlSi3

Technology Epsilon Ingot Casting Technology by Wagstaff (USA),

In-line Treatment Facility - SNIF P140 by Pyrotek (USA),

CFF (23x23x2, 40 ppi), Auto Cutting Machine from

Sermas (France)

Application Steel industry for galvalume coating

### Ingot

Weight 22 kg

Capacity 1280 KT

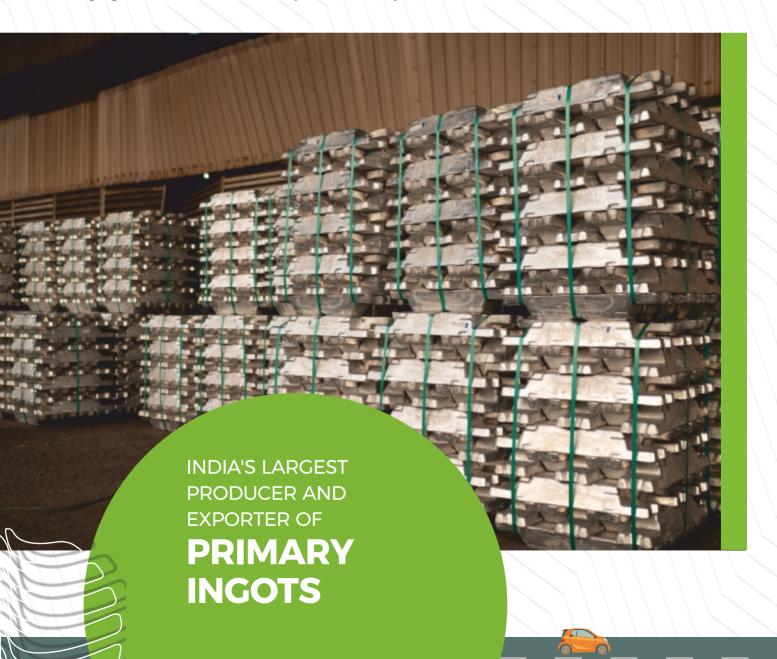

Technology Remetal Befesa (Spain)

Alloy variant P1020

Dimension 740mm x 170mm x 114mm

Bundling 44 pieces (approx. 1 MT)

Packaging PET Straps / Cross Straps

Capacity 200 KT

Technology Remetal Befesa (Spain)

Alloy variant P1020

Dimension & 865mm x 865mm x 370mm / 540kgs
Weight 890mm x 890mm x 390mm / 590kgs
920mm x 920mm x 410mm / 630kgs

Application Remelting for downstream applications

### Slab

Capacity 100 KT

Dimension 410mm x 1270mm,

410mm x 1540mm, 410mm x 1620mm

Length 5500-5700mm

Alloy offerings 1xxx, 3xxx, 4xxx, 8xxx

Technology Epsilon Ingot Casting Technology by Wagstaff (USA),

In-line Treatment Facility - SNIF P140 by Pyrotek (USA),

CFF (23x23x2, 40 ppi), Auto Cutting Machine from

M/s Sermas, France

Ingot Profile Thickness ± 4mm

Width ± 4mm Convexity ± 4mm

Application Structural applications

### Flip Coil

Capacity 24 KT

Rod diameter 9.5mm, 12mm, 13mm, 15mm

External diameter 1100-1200 mm

Internal diameter 570-590mm

Alloy offering 1xxx

Technology Continuus-Properzi (Italy) / Hindudyog

Packing Flipping cage and mounted on

wooden / mild steel pallet and strapped with pallet horizontally or vertically.

All coils are wrapped in stretch film and palletized.

Application De-oxidizing agent in steel industries,

metal purifier for special grades

### **Cold Rolled Product**

Capacity 25 KT

Variants Cold Rolled Coils (CRC), Cold Rolled Sheets (CRS)

Length Customizable

Alloy offerings 1xxx, 3xxx, 8xxx

Inner diameter CR Coils: 200mm (for all thickness),

500mm (for thickness 0.4mm and above)

Temper CR Sheets: H1, H2, H3, H4, O

CR Coils: M, H1, H2, H3, H4, O

Weight 250-4000 kg

Width 800-1500mm (CR Sheets)

100-1500mm (CR Coils)

Thickness 0.28-5mm (CR Coils)

0.56-6mm (CR Sheets)

Technology Cold Rolling Mill and slitting line from NKMZ (Russia)

Casting station by ALMEX (USA)

Packing Straps / HDPE Covering / wooden saddle / edge cover with flute board

Application Foil Stock, PP Cap, Roofing Sheet, Insulation Coils,

Fan Blade Sheets, Selective Automotive Parts, Bus Body,

Cookware, GEQ (General Engineering Quality)

### **Hot Rolled Product**

Capacity 19 KT

Variants Hot Rolled Coils (HRC),

**Hot Rolled Plates (HRP)** 

Length Customizable

Alloy offerings 1xxx, 3xxx, 8xxx

Width 885-1620 mm (HRC),

100-1500 mm (HRP Trimmed), 100-1540 mm (HRP Untrimmed)

Thickness 4.5-12 mm (HRC),

6-200 mm (HRP)

Technology Hot Rolling Mill and slitting line from NKMZ (Russia)

Casting station by ALMEX (USA)

Packaging Straps / HDPE covering / wooden saddle / edge cover with flute board

Applications Re-rolling Industry, Electrical Busbars, Boiler Tanks,

**GEQ (General Engineering Quality)** 

### **Vedanta Aluminium Park**

To cater to the ever-increasing global demand for aluminium, Vedanta is setting up a state-of-the-art Aluminium Park near our aluminium smelter in Jharsuguda, Odisha. Sprawling over 253 acres, the Park will be an industrial complex where industries can set up their manufacturing units and draw hot metal from our smelter to manufacture their products.

One of India's largest metal parks, the Park provides companies an unmatched advantage to exponentially grow their business, including:

#### **Increased Productivity:**

With priority access to just-in-time high-quality hot metal in any desired quantity, customers can boost their productivity, production flexibility and cost-competitiveness significantly.

#### **Reduced Time:**

With instant availability of hot metal, the time needed for transportation and remelting will be curtailed, saving our customers significant time and money.

#### **Reduced Working Capital:**

Liquid metal transported at the desired temperature through pre-heated ladles will save customers both operations and costs associated with re-melting.

#### **Technical and After-sales Support:**

Proximity to our aluminium smelter will give customers access to our Centre of Excellence, R&D facility, and network of emerging-tech start-ups and global metal/technology experts, to provide a leg up to their competitive edge.

#### **SEZ for Export-oriented Industries:**

The presence of an SEZ Smelter at our Jharsuguda complex is an added advantage for export-oriented industries for producing their goods.

#### **Reduction in Carbon Footprint:**

Eliminating the need for re-melting or long-haul logistics, the Park will help curb significant carbon emissions to the tune of 60-70,000 tonnes per annum. This will help customers produce low-carbon products and decarbonize their operations.

- Available hot metal supply 300 kilo tonnes per annum (KTPA)
- Site area ~253 acres
- Distance from Smelter 1 (DTA) ~3.5 km
- Distance from Smelter 2 (SEZ) ~5.6 km
- Proximity to Airport and Railway Station
- Well connected to Haldia/Kolkata, Kakinada, Paradip, Vizag & Gangavaram Ports

WORLD-CLASS
FACILITY

## CERTIFICATIONS

We have robust systems in place to understand and exceed customer expectations. Alongside timely delivery, we strive to assure our customers of the best quality, in compliance with globally accepted technical standards and certifications, for all deliveries. These coveted certifications provide unmatched quality assurance to our valued customers. Vedanta Aluminium's products are certified by the following agencies:

### ISO 9001:2015 (Quality Management System)

Certified for the production and supply of primary aluminium and alloys

#### IATF 16949:2016

Certified for the production and supply of PFA and Billets for various applications to the automotive industry

### ISO/IEC 17025:2017

NABL accreditation for laboratory for Testing Accreditation Certification

### **Bureau of Indian Standards (BIS)**

for Primary Ingots, Alloy Ingots and Cast Bars,
Wire Rods, Rolled Products (Sheet, Plate-Conductors
and Plate-General Engineering)

#### **Environmental Product Declaration (EPD)**

For primary aluminium products, including billets,
Primary Foundry Alloy (PFA), wire rods and
all categories of ingots

Sustainable development with ESG excellence is the bedrock upon which we conceive our growth plans. As one of the world's leading aluminium producers, we strive to make our processes and products more sustainable with each passing day. Our certifications include:

### ISO 14001:2015 (Environment Management System)

Certified for the production and supply of primary aluminium and alloys

### ISO 50001:2018

(Energy Management System)

Certified for the production of primary aluminium and alloys

#### Aluminium Stewardship Initiative (ASI)

Certified against ASI Performance Standard for operations in Jharsuguda

Safety of our people is of paramount importance for us. We have put in place internationally recognized standards on health and safety to create a 'zero-harm' environment for everyone who works with us. Our certifications include:

ASSURING OUR CUSTOMERS OF THE BEST QUALITY

#### ISO 45001:2018

(Occupational Health & Safety Management System)

Certified for the production and supply of primary aluminium and alloys
