

Vedanta Aluminium Observes 55th National Safety Month at Jharsuguda

Jharsuguda, March 18, 2026: Vedanta Aluminium, India's largest aluminium producer, is observing 55th National Safety Month at its mega aluminium plant in Jharsuguda through a series of structured and engaging initiatives aimed at strengthening workplace safety and reinforcing a culture of shared responsibility. Aligned with this year's theme, "Educate, Engage, and Empower to Enhance Safety," the month-long campaign emphasizes awareness-building through enhanced participation, and proactive risk management at all levels of the organization. Reflecting on the impact of the initiatives, Mr. C Chandru, CEO - Vedanta Jharsuguda, said, "At Vedanta Jharsuguda, safety is a core value that guides every aspect of our operations. Through continuous awareness efforts, adoption of latest technologies, and active employee engagement, we are building a culture where safety becomes an integral part of everyday work. These initiatives reflect our commitment to ensuring a safe and responsible workplace for all."
