*Various encumbrances have been created from time to time on the shareholding of five promoter group entities in Vedanta Limited pursuant to the terms and conditions of facility agreements entered into by VRL and/or its subsidiaries. In accordance with such facility agreements, the encumbrances extend to the equity shareholding of the promoter companies in any material subsidiary (as defined therein) of VRL. Since VAML qualifies as a material subsidiary under the relevant facility agreements, the existing encumbrances accordingly extend to the equity shareholding of the promoter group entities in VAML. For completeness it is further clarified that no pledge has been created by VRL or its subsidiaries, however, given the nature of conditions and/or arrangements under the Facility Agreements, the Encumbrances and other conditions therein are likely to fall within the definition of the term 'encumbrance' provided under the SEBI Regulations and accordingly these are disclosed.

8. BUSINESS MODEL/BUSINESS OVERVIEW AND STRATEGY:**Business Overview**

The Company is India's largest producer of Aluminium with an annual production capability of ~2.44 MTPA (VAML: ~1.85 MTPA and BALCO: ~0.591 MTPA) having a market share of approximately 46% among Domestic Primary Aluminium producers. The Company also has a sizeable OEM base globally that consumes its value-added products. With the objective to be one of the leading producers of Aluminium, the Company has strategically established a refinery in Lanjigarh, Odisha and a smelter in Jharsuguda, Odisha along with the operations in BALCO having its smelter at Korba, Chhattisgarh.

We operate in Chhattisgarh (through BALCO) and Odisha, with plants located close to rich coal and bauxite reserves. We account for approximately 57% of the overall smelting capacity in the country.

Strategies:**Operational Excellence and Cost Leadership**

VAML strives for all-round operational excellence to achieve benchmark performance across its business, by debottlenecking its assets to enhance production, supported by improved digital and technology solutions. VAML's efforts are focused on enhancing profitability by optimising its cost and improving realisation through right marketing strategies.

Optimise capital allocation and maintain strong asset base

A key strategic priority for VAML is to maintain and grow strong cash flow through disciplined approach on capital allocation towards capital and operating expenditure, along with disciplined management of working capital. Aluminium Business has continued to deliver strong results through continued focus on its cost, production, and project execution. As we continue to ramp up our portfolio of products and focus on developing cost efficient and well-invested assets, we expect to generate significant organic free cash flow with minimal remaining capital expenditure.

Focus on digitalization and innovation to drive efficiency and resilience

We continue to focus on operational excellence and high asset utilisation to ensure cost efficiency, performance, and consistent cash flows. We have been adopting a digital-first culture that ensures sustained technology innovation and digital literacy of the entire workforce. We have a keen interest in innovation led productivity improvements. Case in point being our indigenously developed pot controller with significant potential for energy savings.

Committed to environmental, sustainability, and corporate governance leadership in the natural resources sector

The Company is committed to conducting its business in a socially responsible, ethical, and environmentally friendly manner and would continue working towards improving the quality of life of the communities in its operational areas. We believe that we can positively impact and contribute to the realisation of integrated and inclusive development of the country, with programs impacting the overall socio-economic growth and enabling empowerment of people.

Vedanta Aluminium has set itself apart on the ESG front having secured 2nd rank, in two consecutive years, among industry peers on the S&P Global Corporate Sustainability Assessment. It also offers low Carbon Aluminium products, under its Restora brand for customers worldwide.

More details on Business Model/Business Overview and Strategy are provided on Page 75 of the Information Memorandum available on the website of the Company at <https://vedantaaluminium.com>.

9. REASON FOR THE SCHEME OF ARRANGEMENT:

- VEDL has interests in multiple businesses including metals, mining, and exploration of natural resources (zinc-lead-silver, iron ore, steel, copper, aluminium, nickel, and oil and gas) and power generation.
- Each of the varied businesses carried on by VEDL by itself or through strategic investments in subsidiaries or through affiliate companies (including the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, and the Iron Ore Undertaking) have significant potential for growth and profitability.
- The nature of risk and competition involved in each of these businesses, financial profiles and return ratios are distinct from others and consequently each of the above mentioned business undertakings is capable of attracting a different set of investors, lenders, strategic partners, and other stakeholders. The manner of handling and management of each of the above mentioned businesses is also distinct.
- In order to lend enhanced focus to the operation of identified businesses, VEDL proposes to segregate and organize these businesses as separate entities, through demergers of each of the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, and the Iron Ore Undertaking.
- The following benefits shall accrue on demergers of the Aluminium Business (as defined hereinafter), the Merchant Power Business (as defined hereinafter), the Oil and Gas Business (as defined hereinafter), and the Iron Ore Business (as defined hereinafter):
 - creation of independent global scale companies focusing exclusively on mining, production and/or supply of aluminium, iron-ore, copper, oil & gas and on generation and distribution of power and exploring new opportunities and taking advantage of the growth potential in the said respective sectors;
 - enabling greater focus of management in the relevant businesses thereby allowing new opportunities to be explored for each business efficiently and allowing a focused strategy in operations;
 - each of the independent companies can attract different sets of investors, strategic partners, lenders, and other stakeholders enabling independent collaboration and expansion in these specific companies without committing the existing organization in its entirety;
 - enabling investors to separately hold investments in businesses with different investment characteristics thereby enabling them to select investments which best suit their investment strategies and risk profiles;
 - enabling focused and sharper capital market access (debt and equity) and thereby unlocking the value of the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, and the Iron Ore Undertaking and creating enhanced value for shareholders.

The Scheme is in the interests of all stakeholders of VEDL, Resulting Company 1, Resulting Company 2, Resulting Company 3, and Resulting Company 4.

16. INTERNAL RISK FACTORS:

Our business is subject to a number of internal risks that could materially affect our operations, financial condition, results and share price. The most immediate arise from the proposed change in control under the share purchase agreement, which remains subject to conditions and approvals and may be delayed or fail to complete, and from our recent demerger from VEDL, which may leave us exposed to unrecorded, undisclosed or contingent liabilities and without an established record of operating on a standalone basis. Our results depend on the availability and cost of raw materials, energy, fuel and key technological inputs, while our capital-intensive operations and reliance on debt funding expose us to risks concerning our credit ratings, capital allocation and liquidity. Any disruption at our manufacturing facilities, or across the cold-chain, warehousing, distribution and freezer cabinet network and the third-party and quick-commerce channels on which we rely, could affect the production, quality, availability and sale of our products, as could damage to our brand, lapses in product quality, recalls or food safety incidents and any failure to protect our intellectual property. We are also subject to extensive licensing, approval, taxation and regulatory requirements and to the outcome of legal proceedings, and our performance further depends on the adequacy of our internal controls, our management of fraud risk and related party transactions, our dividend policy, and our ability to retain the key personnel who drive our growth strategies. Additional factors that could cause the Company's actual results, performance or achievements to differ materially include, but are not limited to those discussed in the section titled "Risk Factors" on page 18 of the Information Memorandum.

Further, actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties or assumptions associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which the Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in its industry and incidents of any natural calamities.

More details on "Internal Risk factors" is provided on page no. 18 of the Information Memorandum available on the website of the Company at <https://vedantaaluminium.com>.

18. REGULARITY ACTION IF ANY - DISCIPLINARY ACTION TAKEN BY STOCK EXCHANGE/ SEBI AGAINST THE PROMOTERS IN LAST 5 FINANCIAL YEARS:

Show cause notice issued by SEBI against Sterlite Industries Limited (now merged with VEDL)

SEBI issued a show cause notice to Sterlite Industries India Limited (now merged with VEDL) ("SIIL") to show cause as to why it should not proceed against SIIL under Section 24 read with Section 27 of the SEBI Act, 1992 for alleged violation of regulation 4(a) and 4(d) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 1995 ("Alleged Violations"). SIIL replied to the show cause notice. Thereafter, the Chairman of SEBI ("Authority") passed an order dated April 19, 2001, prohibiting SIIL from accessing the capital markets for a period of two years and ordering prosecution proceedings against SIIL, through its directors namely Anil Agarwal, Tarun Jain and Shashikant, for the Alleged Violations ("Impugned Order"). Accordingly, SEBI proceeded to file a criminal complaint before the 8th Additional Chief Metropolitan Magistrate's Court at Esplanade Mumbai ("Trial Court"). SIIL filed an appeal before the Securities Appellate Tribunal ("SAT") against the Impugned Order. The Impugned Order was subsequently overruled by the SAT vide an order dated October 22, 2001, on the basis that inter alia there was insufficient material evidence to establish that SIIL had, directly or indirectly, engaged in market manipulation and allowed the appeal filed by SIIL ("SAT Order"). SEBI filed an appeal before the High Court of Judicature at Bombay ("Bombay High Court") against SIIL, its Director, Anil Agarwal and others ("Accused") challenging the SAT Order which is currently pending. SIIL filed a criminal application before the Bombay High Court to stay the criminal proceedings initiated by SEBI through its criminal complaint since the Impugned Order was set aside by SAT. The Bombay High Court inter alia vide an order dated November 22, 2006, admitted the application and granted an interim stay on the criminal proceedings. As per the amendment to the SEBI Act, 1992 through the Securities Law (Amendment) Act, 2014, the jurisdiction of the matter has been transferred from the Trial Court to the sessions court. The aforementioned interim stay on the criminal proceedings granted by the Bombay High Court continues to be in force as on date. The matter is currently pending.

19. BRIEF DETAILS OF OUTSTANDING CRIMINAL PROCEEDINGS AGAINST THE PROMOTERS:

A. Criminal proceedings involving our Promoters

Proceedings filed by SEBI against Sterlite Industries India Limited (now merged with VEDL) for alleged violation of provisions of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to securities market) Regulations, 1995

Pursuant to SEBI's order dated April 19, 2001, prohibiting SIIL from accessing the capital markets for a period of two years and ordering prosecution proceedings against SIIL, through its directors namely Anil Agarwal, Tarun Jain and Shashikant for the Alleged Violations, SEBI filed a criminal complaint against Sterlite Industries India Limited (now merged with VEDL) ("SIIL"), its Director, Anil Agarwal and others before the Additional Metropolitan Magistrate, Esplanade in relation to the alleged violation of Regulations 4(a) and 4(d) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 1995. SIIL filed a criminal application before the Bombay High Court to stay the criminal proceedings initiated by SEBI through its criminal complaint since the SEBI order dated 19 April 2001 was set aside by SAT. The Bombay High Court subsequently admitted the application and granted an interim stay on the criminal proceedings. This order continues to be in force as on date. The matter is currently pending.

Proceedings initiated against BALCO for abatement, cheating and commission of criminal breach of trust in respect of the deposit, commission

Ajaykumar Padia ("Complainant") initiated criminal proceedings against BALCO and its Directors before the CJM Pune, alleging cheating and criminal breach of trust. Despite a police report suggesting the dispute to be of civil nature, the CJM issued process. The Bombay High Court has granted a stay, and the matter is currently pending.

B. FIR

FIR registered against our Individual Promoter and others in respect of the Athena Power Plant explosion

On April 14, 2026, a boiler explosion occurred at Unit-1 of TSPL's Athena Power Plant in Chhattisgarh, resulting in fatalities and injuries to certain contractor and sub-contractor personnel. Pursuant to an operation and maintenance contract, the plant was being operated and maintained by NTPC-GE Power Services Limited ("NGSL"), a JV between NTPC and GE Power Services Limited. An FIR under Sections 106, 289 and 3(5) of the Bharatiya Nyaya Sanhita, 2023, has been filed naming eighteen individuals including eleven personnel of NGSL and seven personnel of TSPL, including Mr Anil Agarwal, Promoter & Non-Executive Chairman of the Company and Mr Devendra Patel, Plant Head of TSPL. Multiple regulatory authorities and law enforcement agencies are currently investigating the incident.
