

Vedanta Aluminium Provides Learning Kits to 2,300+ Children in Jharsuguda

Bhubaneswar : Reinforcing its commitment to advancing early childhood education and development, Vedanta Aluminium, India's largest producer of aluminium, undertook a large-scale distribution drive of school bags and water bottles across 175 Vedanta Nand Ghars in

Jharsuguda district. As part of the initiative, company leadership visited villages across the district to distribute learning kits

to more than 2,300 children. Vedanta Aluminium has established 250 Nand Ghars in Jharsuguda district, supporting over 4,000 children with

enhanced access to early learning, nutrition and basic care. Speaking on the initiative, C Chandru, CEO - Vedanta Aluminium, Jharsuguda, said, Through Vedanta's Nand Ghar project, we are strengthening the foundations of learning and development for young children to facilitate their long-term success.
