

Vedanta Aluminium Marks World Ozone Day with Sustainability Initiatives Across Operations

Bhubaneswar :Vedanta Aluminium, India's largest producer of aluminium, commemorated World Ozone Day through a series of awareness and community engagement initiatives across Jharsuguda, Lanjigarh and BALCO. The initiatives engaged over 200 students, along with teachers, employees and business partners, to promote responsible energy use and environmental awareness. Aligned with the 2026 UN theme, 'Global Action for a Cooler Planet', the programmes encouraged participants to adopt climate-friendly practices. Speaking on the occasion, Rajesh Kumar, CEO, Vedanta Aluminium,

said, As India's largest aluminium producer, we recognise our responsibility to drive sustainable growth while minimising our environmental footprint. Across our operations, we are accelerating renewable energy integration, improving resource efficiency and improving our journey towards decarbonization. With a target of sourcing 1,500 MW of renewable power by 2030 and achieving Net Zero Carbon emissions by 2050, Vedanta Aluminium remains focused on advancing responsible growth while creating long-term environmental value.
